Sumandeep Nursing College takes pride in extending hearty welcome to the wonderful event of 5th National conference on Research Methodology - Enhancing Innovative and Futuristic Practice in Nursing.

Sumandeep Vidyapeeth, a constituent institute of Sumandeep Vidyapeeth deemed to be university is affiliated in dispersing professional higher education in the field of Nursing for more than a decade. Sumandeep Vidyapeeth, an institution declared as deemed to be university, under section 3 of UGC Act 1956. The Vidyapeeth has seven constituent institutes imparting knowledge in the field of Medical, Dental, Pharmacy, Physiotherapy, Nursing, Health care management, and Paramedical Sciences. It is the first deemed university of Gujarat state, which was started in the year 2007. The Vidyapeeth is accredited by National Assessment and Accreditation Council (NAAC) with the CGPA of 3.35 on a four point scale at ‘A’ grade, in the year 2015. Recently the university is categorized as Category – I university under UGC regulation in 2018. Sumandeep Vidyapeeth is the pioneer in Evidence Based Practice, adopted in education and practice.

Sumandeep Nursing College strive hard to develop nursing through education and training, compassionate, professionally excellent, ethically sound individuals who will go out as competent nurse for healing communities. Their service may be promotive, preventive, curative, rehabilitative or palliative aspects of health care. College provides a culture of caring while perceiving its commitment to professional excellence. Sumandeep Nursing College is committed to innovation and adoption of new, appropriate, cost-effective, caring technology.

Sumandeep Nursing College absorbs the clinical resources to facilitate the learning needs of nursing students at Dhraj hospital, which is a constituent of Sumandeep Vidyapeeth with 350 bedded multi-speciality hospital.

Research is a major force in Nursing, and the evidence generated from research is changing practice, education, and health policy. Our aim of organizing this program is to create an excitement, instill extra curricular research information, explore the areas of conducting research, application of evidence based nursing practice, demystify the difficulties in Research and statistics, use statistical applications, encounter the ethical issues, use the appropriate channel for dissemination of research outcomes among undergraduate, post graduate, research scholars as well as faculty of Nursing profession. This emphasize the importance of being able to read, critique, conduct, guide and communicate the research so that, such evidences can be used to make changes in the practice.

A major goal of professional nursing and health care is the delivery of Evidence based care. By making Research an integral part of nursing education we can facilitate the movement of research in to the mainstream of nursing. We hope this scientific session increases Nurses awareness of the knowledge, which has been generated through Nursing research and that this knowledge is relevant to the practice.
